

GrowRVA

Application to vend at the *GrowRVA RVA BIG MKT* *WINTER 2022-23 Season in Bryan Park*

Take the time to fill in all requested information; **references to previous applications cannot be accepted.** Take note of all deadlines, and the requirement to MAIL, not email, your application regardless of how close the deadline is. **Be sure to include all requested documentation; failure to do any of the above will delay the review process.**

There will be an additional charge for incomplete applications (\$25), per postal issues, we will accept applications at the information tent BEFORE 11:30am, and we are not responsible for mail delays.

The following is a list of descriptions of vending categories. If your business overlaps, fill out each category page.

Apparel Artisan – an artist/artisan whose end product is clothing or clothing related.

Artist/Artisan – vendors who take materials – paint, beads, wood, glass, clay, wool, etc. – and create art, be it jewelry, paintings, photography, soaps, lotions, detergent, furniture, etc.

Culinary artists – vendors who produce baked goods, pickles, salsas, kombucha, elixirs, juices, and similar; consumable products packaged and generally intended for home consumption.

Food Trucks, Stands, Carts – vendors who produce hot/cold food/beverages primarily intended to be consumed on-site. Food Truck vendors prepare and/or serve from a typical food truck or van; Food Stand vendors prepare and/or serve from under a tent. Food Cart vendors prepare and/or serve from a small cart or refrigeration unit. Choosing the correct category here is extremely important, as it dictates the type of space or location required.

Grower – vendors selling what they have grown/raised themselves and/or the byproducts of same, as in fruits, vegetables, flowers, plants, honey, meats, poultry, eggs, cheeses, etc., including milk products (such as soap) from their own animals.
